

JOB OPENING

We are looking for **Senior Executives or Managers**.

ABOUT US

Think City is a social purpose organisation based in Malaysia with the mission of making cities more people-friendly, resilient, and liveable. As a regional citymaking agency, Think City provides urban policy thinking, management and implementation of urban solutions, while acting as a catalyst for change in the way cities are planned, curated, developed, and celebrated.

Do you have a passion for improving the health and wellbeing of people and supporting vulnerable communities?

Most people would associate Think City with Heritage, Conservation and Placemaking. However, building resilience, whether environmental or social is one of its core pillars. If you have experience in social science, anthropology, public/urban health, health promotion, nutrition, planetary health and are keen to lead or contribute to programmes, research, policy or business development, please send us your CV. Have an unusual career path? Love working across disciplines? Want to innovated and create impact? We want to hear from you. Our two flagship programmes are on building social capital in urban poor communities, the other is research and interventions on climate change and health.

Social network analysis and visualisation

If you have experience with social network analysis and visualisation (eg. Using UCINET) and are interested in partnering on a project with urban poor communities, we are interested in connecting with you.

Please email your resumes to HR (careers@thinkcity.com.my).
